

User group assessment & travel plan

People travelling to and from matches played by any Meltham team are encouraged to be cautious while doing so and take the below recommended precautions:

User group	Recommendation
Ages 0-17	1. Travel with parents from same household where possible. 2. Social distance while in the car if travel with parents is not possible. 3. If travelling on public transport, wear a face covering and plan for as few bus/train changeovers as possible. Avoid stopping for breaks mid-journey. Plan the quickest and most efficient route and account for possible road closures.
Ages 18-60	1. Travel alone/with members of same household in own car where possible. 2. Social distance while in the car if sharing between different households. 3. If traveling on public transport, wear a face covering and plan for as few bus/train changeovers as possible. Avoid stopping for breaks mid-journey. Plan the quickest and most efficient route and account for possible road closures.
Ages 60+	1. Travel alone/with members of same household in own car where possible. 2 Travelling with members of other households or on public transport is strongly discouraged. Avoid stopping for breaks mid-journey. Plan the quickest and most efficient route and account for possible road closures.
People shielding (any age)	Anyone who is clinically extremely vulnerable from Covid-19 and who is shielding must not make any attempt to get to a cricket match and must stay at home.
