CV19 Risk Assessment Adult match day

		Likelihood		
Consequence		<u>Unlikely</u>	<u>Possible</u>	<u>Likely</u>
	<u>Slightly harmful</u>	1b Trivial	2b Acceptable	3b Moderate
	<u>Harmful</u>	1c Acceptable	2c Moderate	3c Substantial
	<u>Extremely harmful</u>	1d Moderate	2d Substantial	3d Unacceptable
Risk level		Control		
Trivial and Acceptable		No action required – Keep note that the risk has been identified as trivial in case it is brought up in a civil claim.		
Moderate		If it is reasonably practicable to undertake some action to reduce the level of risk, then this should be done. If the risk is moderate because the consequences are extremely harmful it is unlikely that there can be any further reduction without significant effort. Ensure that there is a suitable system in place.		
Substantial and Unacceptable		Action must be taken to remove or reduce the risk. If action cannot reduce the level or remove the risk, the activity should not be undertaken. If this level arises as a result of a Decision Making assessment, the activity should cease immediately.		

Hazard	CVoid Effect	Risk Rating (e.g. 1C)	Control (What will you do?)	Responsibility
Entering and exiting pitch.	More than 6 people to gather at 1 point.	3b	Each team will be designate an outdoor space - MCC (Grandstand), visitors (benches at the top)	Players
